

TRITIUM 2022

May 15–20, 2022, Bucharest, Romania

First Announcement

National Research and Development Institute for Cryogenics and Isotopic Technologies warmly invite you to participate to the 13th International Conference on Tritium Science and Technology, in Bucharest, Romania, from May 15th to 20th, 2022.

International Conference on Tritium Science and Technology – Tritium 2022 it will be an opportunity to have valuable interactions among scientists and engineers, to exchange the latest knowledge achieved on all scientific and engineering researches in tritium science and technology, and to initiate future borderless collaborations.

In May 2022, we aim to create, in Bucharest, the capital of Romania, the necessary framework for the information exchange about the latest researches in the field of tritium for fusion, fission, and other isotopic applications.
